

## MISSION MOMENTS

While the numbers in our Fast Facts speak to our work's growing reach, our participants' individual stories capture the depth.

At Tasks' Northeast Outreach and Opportunity Center (NOOC) in NE Minneapolis, we offer a warm and welcoming space where people experiencing homelessness can find support.

For one recent visitor, this **led to newfound stability in both housing and employment**: she found janitorial work through Tasks' Job Training Program, which set her up to sign a lease on a new apartment in October.

Meanwhile, another Tasks participant found a similar range of holistic success after moving into our Transition Lodge. Upon entry they were homeless, unemployed, and had no mental health services in place. Partnering with Tasks' Lodge and Resource Center staff, the participant secured **stable housing, a job, healthcare benefits, and psychiatric services**.

As we have shared in previous newsletters, Tasks has responded to rising mental health needs by **ramping up our Case Management services**. One participant began her case management journey afraid to step outside her home. After working with her Tasks case manager, she found the footing she needed to make new strides, spending a recent weekend on a family vacation out of town.

## TWINS UNLIMITED!

The National Alliance on Mental Illness (NAMI) Hennepin County sponsored a fun night out at the ballpark for Tasks Unlimited clients this August. To raise awareness and promote acceptance for people living with mental illness, NAMI hosted more than 100 clients from Tasks and Vail Place.

Thanks to NAMI and all in the Tasks community who came out to root for the home team!
